

SUJITH VARUGHESE

Miami, FL | <https://sujithv.com>
305.859.1695 | sujith.varug@gmail.com

Full-stack developer with 3 years of experience building production level applications. Proficient in JavaScript, ReactJS, and NodeJS. Experienced with large data sets, API integration, and Artificial Intelligence. Outgoing, communicative, disciplined, and works well in teams. Enthusiastic to contribute my skills and effort while growing in a dynamic environment alongside experienced developers.

EXPERIENCE

DIRECTOR

SGS Properties, Inc. | Hollywood, FL
AUGUST 2018 – AUGUST 2024

Worked in a real estate management company and created full-stack application for finance management and tenant communication. ([website link](#)) Utilized APIs for property listing search and retrieval of nationwide market rental rates. Implemented Redux toolkit, reducer, context API, along with authorization using Google OAuth 2.0 and JSON Web Tokens. Deployed application using Heroku and Cloudflare, with automatic updates from GitHub. Converted legacy lease system to fully digital database using Adobe encrypted leases.

SOFTWARE DEVELOPER PROJECT LEAD

Florida International University | Miami, FL
JANUARY 2022 – DECEMBER 2022

Led team throughout software developmental life cycle using agile methodology. Identified risk analysis and assessed use cases using dynamic models and sequence diagrams. Created systems design model with API and database. Designed interface implementing UX/UI principles using Axure RP, Adobe XD, & Figma. Tested and deployed to production servers.
