Miami, FL

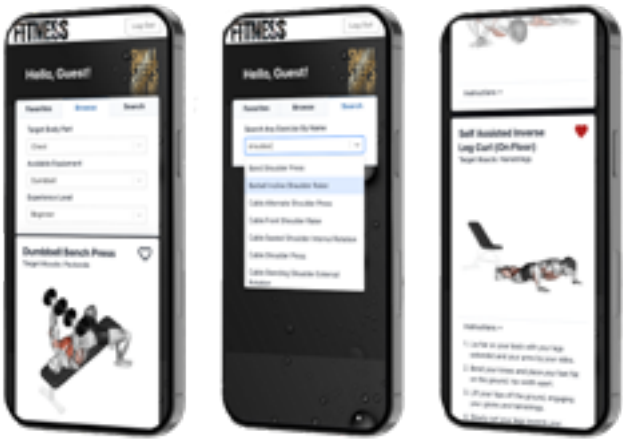
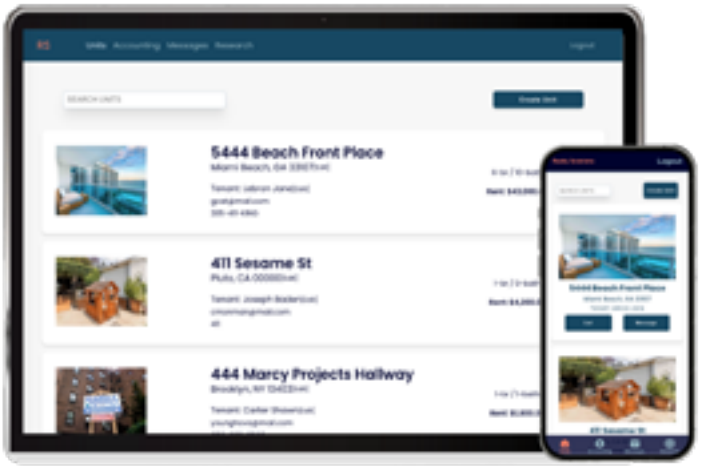
A few of my recent projects. Applications available at the link above with demos and full source code.

01 SIMPLER FITNESS

Fitness app that curates workouts tailored to you based on your experience level, available equipment, and your target body part. View detailed instructions, animated images, or save the workout for later. Built in Javascript using React and NodeJS. Workouts are re-treived from MongoDB and efficiently loaded with paginated results rendered with infinite





02 REALTY SOLUTIONS

For owners of rental properties to stay on top of finances and com-municate with tenants. View mort-gage information with the ability calculate profits/losses, view payments while adjusting APR, and get live mortgage payoff quotes. Features messaging funcionality for owner-tenant communication and ability to create and send rent receipts. Uses MERN stack, with authorization of seperate user roles using JSON web tokens with signed cookies, mongoose models, react router, and API integration from HUD.gov which pulls nationwide market rental rates.

03 BEAT BLACKJACK

Learn blackjack with hints and live feedback after each move, all while keeping track of your win rate and ROI. Adjust your bankroll, the number of decks used, bonus payouts, and even the number of splits allowed. Built with React and ChakraUI. Uses context API and reducer for global state manage-ment.

EDUCATION

BACHELORS IN COMPUTER SCIENCE

Florida International University

2020 - 2022 Miami, FL

ABOUT ME

I am a recent graduate and I design and develop web/mobile applications, primarily using the MERN stack. I aim to build efficient and scalable software that solve real-world problems. My goal is to use my experience to provide valuable contributions to a forward-thinking team produce and mantain intuitive and efficient software.

SKILLS

- Javascript
- Python
- Java
- React
- NodeJS
- RESTful APIs
- 3rd party API integration
- MongoDB
- SQL
- Data Structures
- Software testing
- Software deployment
- DNS configurations
- Git version control

WORK EXPERIENCE

PROPERTY MANAGER/OWNER, SGS PPROERTIES

2014 - current Ft. Lauderdale, FL

- Managed all fiscal operations for 12 units including preparing quarterly financial statements and budgeting
- Converted business to 100% digital by upgrading paper lease system to secure digital encrypted leases
- Moved financial data to digital database which simplified money management and tax filing
- Created marketing strategies to acquire tenants including efficient advertising and search engine optimization
- Improved tenant relations by implementing efficient communicatino strategies, leading to increased rates of lease renewals

CERTIFICATIONS

- Meta Front End Developer Professional Certification
- Back End Engineer CodeAcademy Certification
- Advanced Javascript
- MERN Stack 2024 Edition
